

Lecture Module - Introduction

ME3023 - Measurements in Mechanical Systems

Mechanical Engineering

Tennessee Technological University

Topic 4 - MATLAB User Defined Functions

Topic 4 - MATLAB User Defined Functions

- What is Looping?
- Types of Loops
- MATLAB Examples

What is Looping?

User defined functions are very useful. See example code provided and watch the video lecture ME3001-003-09-11-2020-Part1 to learn more.
